

# Two-Factor Authentication at the Lorentz Institute

## Timeline

2FA is currently under Test. A timeline for testing and production implementations is given below.

If you want to take part in the tests, please do not hesitate to contact [support@lorentz.leidenuniv.nl](mailto:support@lorentz.leidenuniv.nl)

| Color Codes            |                                                                                                              |             |            |             |
|------------------------|--------------------------------------------------------------------------------------------------------------|-------------|------------|-------------|
| Start                  |                                                                                                              |             |            |             |
| 2FA: Lorentz Institute |                                                                                                              |             |            | Year 2021   |
| Phase                  | 1-15 March                                                                                                   | 16-31 March | 1-15 April | 16-30 April |
| Test Phase I           |                                                                                                              |             |            |             |
| Test Phase II          |                                                                                                              |             |            |             |
| Test Phase III         |                                                                                                              |             |            |             |
| Production             |                                                                                                              |             |            |             |
| Phase                  | Description                                                                                                  |             |            |             |
| Test Phase I           | Limited Number Users<br>2FA setup<br>2FA-enabled web logins<br>Documentation improvements                    |             |            |             |
