

Self Service from Windows Desktop

Use your Windows Desktop, you will see an Internet Explorer icon name NUWD. Click on that and you should get the Remote Werkplek Login Screen in a browser.

Remote Werkplek Login Screen

After the above actions you will see the Remote Werkplek Login Screen:

Login to the Remote Werkplek using your University (ULCN) account information and you get the Remote Werkplek desktop:

SAP Self Service

Click on the Self Service SAP folder and then on the Sap Self Service Internet Explorer Icon. After clicking you will see a window pop-up telling you the Citrix Receiver is Launching. Once this is done the IE window with the Self Service login appears.

Now login using your University (ULCN) account information and you can Self Service away!
